

Reading:

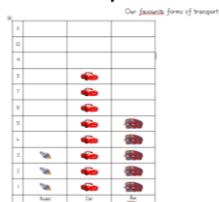

Look at the three poems attached.
Which is your favourite poem? Why? Do you think the poet and his dad really built a rocket that could fly? Who would you ask to help you build a rocket? Why do you think the poet called his poem 'The rocking, rolling rocket'?
What do we call a sentence when all the words start with the same letter?
What do you think you might find on another planet?

Phonics: Weekly RWI lessons are online

<https://www.ruthmiskin.com/en/find-out-more/help-during-school-closure/>

https://www.youtube.com/channel/UCo7fbLgY2oA_cFCI9GdxtQ

Maths: What forms of transport do you like? Make a list and ask your family what they like. How many would like to travel in a rocket, helicopter, etc. Create a pictogram to show your results.

You can use the following class email addresses to send photos of completed work rainbows@marshill.bham.sch.uk or sunshines@marshill.bham.sch.uk. You can also upload to our school twitter page @marsh_hill

If you need any support, please email your class email address and a reply will be sent to you within 24hours.

We look forward to seeing this week's work!

Mrs Nehar, Mrs Romp and Mrs Holmes

Writing: What do you think it would be like to go into space? What would your rocket be like? Would you go to the moon or to another planet? What might you see on your journey? Who would go with you.

Imagine you are an astronaut take a journey into space and write a letter or a story describing your adventure. Don't forget to tell us what your rocket was like. Did it take a long time, were you scared? What did it feel like to take off and land?

PE:

Healthy choices: Make links to maths and time your activities. How many star jumps can you do in 30 seconds, how long can you jog on the spot? How far can you jump from standing still?

Understanding Of the World:

Geography links - Look at a map of the world. Can you find; Australia, Spain, Egypt, India, Pakistan, America. What transport might you use to get to these different places? Can you think of more than one? Can you walk to Spain? Would a plane or a ship be the best way to travel to Egypt?

Expressive Arts and Design:

Use various resources and junk modelling to create a Rocket, what shapes will you need for the; windows, flames, doors, cockpit?

RE/Values: Understanding.

How do we feel when we can celebrate together? We have looked at Diwali, Christmas, Chinese New year, Eid this year. Create a picture, story or poem that shows your understanding of these.

Computing: Use Purple Mash and Active Learn to continue to read books and online maths activities.

Research the names of the planets. What colour is Mars? What is special about Saturn? Which British Astronaut recently ran a marathon in space?

Home Learning Tasks

Week beginning:

6.7.20

EYFS

Topic – Transport

Marvellous Me badges and house points will be awarded for each task you complete! See how many you can

Our Spaceship – Brian Moses

Make me a spaceship Dad,
one that will really fly.

Make me a spaceship Dad,
Let us take off into the sky.

Let us take a trip to the moon,
let us play some games on mars,
let's take off once again
and visit all the stars.

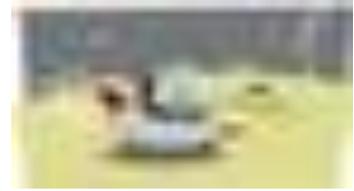

Make me a spaceship Dad,
one that will really fly.
We will have such fun in space
just you and I

On some other planet – John Rice

On some other planet
near some other star,
there is a music loving alien
with a great big car.

On some other planet
on some far-distant world,
there is a bright sunny garden,
where a cat lies curled.

On some other planet
One that we can't see,
there must be one person
who looks like me.

The really rocking rocket trip.

We are off in a rocket
a silver shiny rocket.

Zooming in our rocket
just you and me.

Racing in our rocket
our really rocking rocket.

Rolling in our rocket,
our really rocking rocket
What a lot we'll see.
