

PSHE (Personal, Social, Health Education) Policy (including Relationships and Health Education statutory from September 2020, and our position on Sex Education)

Name of school

Marsh Hill Primary School

Date of policy

September 2022

Member of staff responsible

Ms Morrison

Review date

September 2024

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At Marsh Hill School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

“The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools.”

DfE Guidance p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

Here, at Marsh Hill Primary School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on cyberbullying)
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Marsh Hill Primary School, we hold annual parent's consultations, to ensure that the view and thoughts of all are taken into account.

At Marsh Hill Primary School, we explicitly allocate 30 minutes to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly 30 minute lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy.

The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy.

The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

We define Sex Education as understanding human reproduction (conception and birth) and any associated social aspects, behaviour, vocabulary or terminology.

We **do not** intend to teach sex education.

Marsh Hill Primary School will not teach Sex Education, as is not a statutory requirement.

At Marsh Hill Primary School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit).

We conclude that sex education refers to Human Reproduction, and therefore will not teach any aspect of the Jigsaw curriculum which is intended to teach this content i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 4 (Conception, birth)

At Marsh Hill Primary School, **puberty** is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit), and we conclude from the DfE Guidance that sex education refers to Human Reproduction.

In order to teach puberty in a scientific context, and knowing that National Curriculum Science requires children to know how mammals reproduce, we have opted to teach this within our Science curriculum, not within PSHE or Relationships and Sex Education as we believe this is most appropriate for our children.

The maturity of the children will be taken into account and carefully planned for. Puberty (Changing Me) is taught in separate SEX sessions, by the class teacher

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p. 17

Therefore, the parent right to withdraw their child is not applicable. We are of course happy to discuss the content of the curriculum and invite you to contact the Head Teacher.

Puberty and Human Reproduction in Jigsaw 3-11

FS	Growing Up	How we have changed since we were babies
Y1	My changing body	Understanding that growing and changing is natural and happens to everybody at different rates
	Boys' and girls' bodies	Appreciating the parts of the body that make us different and using the correct names for them
Y2	The changing me	Where am I on the journey from young to old, and what changes can I be proud of?
	Boys and girls	Differences between boys and girls – how do we feel about them? Which parts of me are private?
Y3	Outside body changes	How our bodies need to change so they can make babies when we grow up – outside changes and how we feel about them
	Inside body changes	How our bodies need to change so they can make babies when we grow up – inside changes and how we feel about them (animations used – shorter version Female and Male Reproductive Systems)

Puberty and Human Reproduction in Jigsaw 3-11

Y4	Having a baby	The choice to have a baby, the parts of men and women that make babies and – in simple terms – how this happens (animations used – the Female Reproductive System)
	Girls and puberty	How a girl's body changes so that she can have a baby when she's an adult – including menstruation (animations used – the Female Reproductive System)
Y5	Puberty for girls	Physical changes and feelings about them – importance of looking after yourself (animations used – the Female Reproductive System)
	Puberty for boys	Developing understanding of changes for both sexes – reassurance and exploring feelings (animations used – the Male Reproductive System)
	Conception	Understanding the place of sexual intercourse in a relationship and how it can lead to conception and the wonder of a new life (animations used – the Female and Male Reproductive Systems)
Y6	Puberty	Consolidating understanding of physical and emotional changes and how they affect us (animations used – the Female and Male Reproductive Systems)
	Girl talk / boy talk	A chance to ask questions and reflect (single sex) (animations used – the Female and Male Reproductive Systems)
	Conception to birth	The story of pregnancy and birth (animations used – the Female and Male Reproductive Systems)

Equality

This policy will inform the school's Equalities Plan.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics..."

Marsh Hill Primary School, aligns with The Equality Act 2010 via the Jigsaw Puzzle (unit), 'Celebrating Difference' which helps children to understand that there is no need to fear difference, in fact it can be a cause for celebration.

"At the point at which schools consider it appropriate to teach their pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), they should ensure this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum".

Marsh Hill Primary School, will teach all aspects of relationships, in line with the statutory requirements

Jigsaw PSHE documents needed to explain this policy:

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document)
- Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?

At Marsh Hill Primary School, we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

For further explanation, as to how we approach LGBT relationships in the PSHE (RSHE) Programme please see:

'Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?'

Monitoring and Review

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE (RSHE) programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Assessment

Each unit will be assessed on completion, on a half termly basis. Children are assessed as: Working Towards, Working At or Working Beyond the expected level.
