

MATHS

This term in Maths we will be continuing to develop our knowledge of methods for addition, subtraction and multiplication. We will be applying these skills to problems and reasoning with the knowledge and skills. Additionally, we will be developing our understanding measures, fractions and shapes.

ENGLISH

This term, we will continue to use different sentence structures, descriptive language and write for a target audience. We will have the opportunity to write explanation texts, non-chronological reports and stories. In order to enhance our vocabulary, we will explore a variety of texts. In addition, we will have the opportunity to use our writing skills across the curriculum specifically in Science and Topic.

TOPIC

Art

This term, we will sketch and design a sarcophagus exploring different materials and techniques.

Geography

This term, we will explore the geographical and man-made features of Egypt including the Sahara desert and the river Nile.

History

This term we will be learning about Ancient Egypt. We will enjoy exploring, artefacts, mummification, tombs and the pyramids.

Technology

Pupils will be immersed in an Egyptian project to design and make a pyramid, sarcophagus, Canopic jars and a mummified body. We are hoping to merge our science skills to include an electrical element to our project.

Summer 2018

YEAR 4

Topic: Ancient Egyptians

VALUES

April—Happiness

June—Understanding

May—Appreciation

July—Unity

RE

Living by the rules, being temperate, exercising self-discipline and cultivating serene contentment.

VISITS AND IMPORTANT DATES

29th June—Whole School Trip

SCIENCE

This term, we will be immersing ourselves in the world of technology. We will learn about how electricity works and the different ways in which we can use electricity. We will have many opportunities to explore scientific enquiry where we will take part in practical science.

COMPUTING

This term, we will continue to look at how to use different programs and software intended for different purposes. In addition, we will explore effective use of the internet and explore the uses of hardware.

PE

This term, we will be learning skills to play rounders.

MFL

Spanish for Beginners:
Greetings, numbers, days, months, birthdays, songs, games, Spanish culture.
