

Dear Parents and Carers,

I hope that this newsletter finds you well.

PTA

The Parent and Teacher Association (PTA) will be selling lollies every Friday after school this term. They are fundraising for a special summer event for the pupils and their families. All ice lollies are priced at 50p and we ask that you bring in the correct change in order to avoid queues and to support social distancing guidelines. Keep your eyes peeled for upcoming fundraising activities throughout this term.

If you would like to become involved with the PTA then please contact the school office or speak to a member of staff. The PTA is a great way of showing your support for the school. The next meeting is in the school hall on Friday 7th May at 2.30pm.

Parking - Woolmore Road

I have received reports of inconsiderate parking on Woolmore Road at the beginning and end of the school day. I have contacted the police regarding this matter and will be forwarding them the registration plate details of cars that have been illegally parked.

Unfortunately there have been incidences of verbal abuse when drivers have been asked to move into a safe and legal space. This type of behavior is unacceptable and upsetting for the children and families who have witnessed it. Please be courteous, respectful and mindful for the welfare of all our children and families when dropping off and picking up your own child/children from school.

Parent Conduct

If you wish to raise an issue around the conduct of a child other than your own in school, then please speak to your child's class teacher in the first instance. Please do not approach another child's parent/carer yourself.

Eid Mubarak

As our Muslim families prepare to celebrate Eid, I would like to remind you that only one day of absence is permitted for religious observations.

School Closures

I would like to remind all parents and carers that school is closed to all pupils on Monday 3rd May as it is a Bank holiday. We are also closed on Thursday 6th May as the school is being used as a polling station. Remote learning will be set for the children to complete for Thursday closure.

Flavoured Water

Flavoured water contains a surprisingly large amount of sugar, so please avoid sending them into school with your children. Ordinary water is a healthy and cheap choice for quenching thirst and it does not contain any calories or sugar that can damage teeth.

I wish you all a happy, safe and peaceful weekend.

Mr. J Cusack

Head Teacher
